## PTA – The Basics

### Letter from the Presidents

Welcome Back Nathan Hale Families!

It was wonderful to see everyone last Thursday at Back to School Night. We loved seeing so many smiling faces! We wanted to thank all of the wonderful volunteers that helped make Back to School Night a success. Without volunteers, our PTA would not be as strong as it is! Our PTA committees and board members have worked hard to plan many activities and events for all of our children throughout the school year. Find out more during the General Meeting on September 12<sup>th</sup> at 7:00pm in the gym.

This year, our main focus is parent involvement. With that being said, if there is anything you would like to see from our PTA, please do not hesitate to contact Heidi or Lena at [nathanhalepres@gmail.com](mailto:nathanhalepres@gmail.com). We would love to hear your thoughts and ideas to make this year and years to follow a great experience for our children!

Let's make this year Awesome!

*Lena and Heidi*

All students celebrating a birthday in August and September will be invited on Thursday, September 8<sup>th</sup> to select a book of their choice.

*How does Birthday Book Club work?* Students will be invited to the Birthday Book Club table on a designated day during their birthday month. Students choose a book to keep from a selection purchased by the PTA. If a student is absent that day, he/she is invited to attend the following month. Nathan Hale's Birthday Book Club is a wonderful way to celebrate a child's birthday and promote a lifelong love of reading!

## District 54 News

### Run to Read

District 54 is hosting its annual Run to Read, which will be held on Sunday, Sept. 25, 2016 at Dirksen Elementary School in Schaumburg. The day includes 100-yard and 400-yard dashes for children at 8 a.m., a 5K run at 8:45 a.m. and a 1-mile family walk at 9 a.m. Although you can register at any time, even the morning of the race, you will save \$5 and be guaranteed a T-shirt in the size you requested if you register by Sept. 2. The Run to Read is an awesome opportunity to promote healthy living by encouraging your children to exercise, or even better, by joining them on the walk or run. The event also supports our goal of collecting 1,000 children's books for every classroom in District 54. To register online, visit <http://sd54.org/runtoread>.

### Septemberfest Parking D54 Foundation Fundraiser

When you head to Septemberfest, park at Collins Elementary School to help the D54 Foundation and the students of the district. Saturday, Sept. 3, and Sunday, Sept. 4, 2016, park for \$5 at Collins Elementary School at 407 S. Summit Drive in Schaumburg just down the street from the festival. During the festival, Collins can be reached by heading south on Summit Drive from Schaumburg Road or north on Summit Drive from Weathersfield Way (which is the preferred route – the intersection of Schaumburg Road and Summit Drive is heavily congested during the festival). Summit is located east of Roselle Road and west of Plum Grove Road.

The Foundation is a non-profit charitable organization which funds programs for School District 54 which are not covered by school budgets or tax dollars. Programs regularly funded by the Foundation include: Projects aimed at enhancing and enriching educational opportunities for students and Memorial grant scholarships for children designed to enrich student educational opportunities to further their academic, cultural, or extra-curricular interests after school hours.

### Virtual Backpack

Visit the District 54 Virtual Backpack regularly to find links to educational and recreation opportunities in the area for children and families such as park district events, library offerings, scouting, sports teams and more. <http://sd54.org/virtualbackpack/>

# Snacks for School Age Children

(Nutritious, Delicious, Healthy & Fun)

Snacking is a healthy part of a child's life. Children have high energy and nutrient needs relative to their size, so they need more food energy than they can consume with three regular meals. Nutritious snacks play an important role in providing children with the energy and essential nutrients they need for healthy growth and development. Encouraging your children to combine healthy eating with regular physical activity will help to prepare them for a healthy adulthood.

Deciding what types of snacks to serve your children is important when planning your child's overall diet.

Snacks should include a variety of foods from the four food groups illustrated in Canada's Food Guide to Healthy Eating. Here are some yummy snack ideas:

- 1. Grain Products:** These grainy snacks will improve children's energy levels while providing B vitamins, iron and fibre.
  - rice cakes & crackers
  - bagels
  - bran or whole wheat muffins
  - breads of all kinds such as multi-grain or rye
  - dry, unsweetened cereal (with or without milk)
- 2. Vegetables & Fruit:** These delicious snacks are a rich source of vitamins A & C, folate, and fibre.
  - fresh or canned fruit
  - carrot sticks
  - green & red pepper strips
  - broccoli & cauliflower florets
  - vegetable or unsweetened fruit juice
- 3. Milk Products:** These tasty snacks provide children with protein, vitamins A & D and calcium.
  - yogurt
  - pudding made with milk
  - white or chocolate milk
  - cheese
  - fruit smoothies made with yogurt, fruit and milk
- 4. Meat & Alternatives:** These yummy snacks provide a great source of protein, B vitamins, iron and zinc.
  - nuts\* & seeds
  - hard boiled eggs
  - spreads like peanut butter\*, hummus, tuna or salmon salad
  - sliced meats such as chicken, turkey, ham or roast beef

\* Always check with your children's school before sending any nuts or nut products to school, as there may be restrictions on their use.

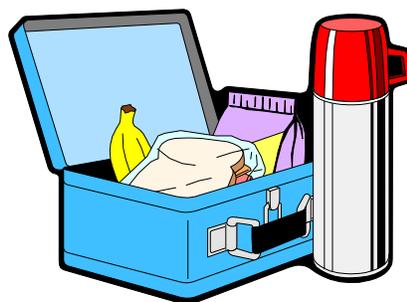

Involve your children in choosing their snacks. Develop a list of healthy snack choices and allow your children to select the snacks to be purchased. This way, children are more likely to enjoy their snacks and can play a part in choosing them even if they don't accompany you to the grocery store.

It is also helpful to make healthy snack choices available at home. If your cupboards are filled with cookies and chips, it's easy for children to make them the snack of choice. Try to prepare healthy snacks in advance whenever possible. If fresh fruit are washed and vegetables are cleaned and cut up, your children will be more likely to choose them when hunger strikes. Encourage your children to drink water to satisfy their thirst. Fluids such as milk, juice and soup are good snack ideas and also provide the body with water.

Foods can be thought of as "everyday foods" or "sometimes foods". Avoid labelling foods as "good" or "bad". All snack foods, including chips and chocolate bars, can be enjoyed occasionally. No food should be eliminated as a snack choice just because of the calorie, fat or sugar content. The key to healthy snacking is providing a balance of food choices that your children can enjoy.

Parents may want to consider their children's teeth when planning snacks. Foods that are sweet and sticky contribute to tooth decay/cavities. Hard and crisp foods, cheese, & sugar free gum help to clean the teeth after snacking by increasing saliva flow. However, children should be encouraged to rinse their mouth with water when possible

Remember that snacking isn't just for kids! As a parent, if you make healthy snack choices, your children are more likely to make healthy snack choices now and in the future.
